DIGITUS® Modular HD LCD KVM console with 19" TFT, 1-port VGA KVM connection, touchpad, and German keyboard layout

DS-72221-1GE

EAN 4016032492207

Modularized 43,2cm (19") HD TFT console with 1-port VGA, RAL 9005 black, GE keyboard

Thanks to its modular design, the DIGITUS® 19" HD TFT console offers a wide range of customization options, allowing it to be tailored to the console's specific application. This makes the console cost-effective and allows it to be upgraded or reconfigured with additional modules at any time. This flexible configuration ensures that the console remains future-proof. The modular console consists of a 19" monitor, a 1-port VGA KVM switch, and a touchpad.

The console can be pulled completely out of the server cabinet, and the TFT screen can be tilted 120 degrees

- Resolution: 1920x1080 at 60 Hz
- The console frees up to 85% more space
- Contrast ratio: 1000:1
- Supports: 16.7 million colors
- Includes a 1-port VGA KVM switch
- Mouse touchpad with two function keys
- The console can be pulled completely out of the server cabinet, and the TFT screen can be tilted 120 degrees
- Console safety lock to prevent damage
- Interface: VGA
- Number of ports: 1
- Screen size: 19 inches
- Power Consumption Specifications: Input: 100–240 V AC, ⊠Output: 12 V DC / 4 A
- Device Power Consumption (max.): 30W
- DC connector size: 5.5 x 2.1 mm
- DC connector electrode: Inner (+), Outer (-)

Attributes

- Cascading possible: yes
- Interface: VGA
- Keyboard Layout: DE
- Number of ports: 1
- Screen size: 19 inch

Package contents

- Modular 19" Console
- 1-Port VGA KVM Switch
- Keyboard with a German keyboard layout

Safety notes

- This product is intended for indoor use only.
- Read all instructions.
- Follow all warnings and instructions on the device.
- Do not place this appliance on an unstable surface (such as a trolley, stand, table, etc.).
- If this appliance falls, it can cause serious damage.
- Do not use this appliance near water.
- Do not place this appliance near or above a radiator.
- The housing is equipped with openings for heat dissipation and ventilation. To prevent overheating during operation, the ventilation openings must not be blocked or covered.
- Do not place the appliance on a soft surface (e.g. bed, sofa, blanket, etc.). This will block the ventilation.
- The appliance must not be installed in a closed environment if adequate ventilation is not guaranteed.
- Do not spray any liquids onto the appliance.
- Disconnect the mains plug before cleaning. Do not use any liquid or foam cleaners.
- Clean the appliance with a damp cloth.
- Connect the device according to the power supply on the rating plate.
- This device is designed for the IT distribution system with 100 V - 230 V voltage.
- To prevent damage to the appliance, it is important that all appliances are properly earthed.
- Do not place any objects on the power cable and lay it in such a way as to avoid tripping hazards.
- If an extension cable is used for the appliance, make sure that the total capacity of all products using the cable does not exceed the current load.
- Ensure that the total current of all products connected to the socket does not exceed 15 A.
- Use a surge protector, a regulator or an uninterruptible power supply (UPS) to protect your system from sudden, temporary and reduced power.
- Secure the system cable and mains cable properly and ensure that no objects are pressing on the cable.
- Do not insert any objects into the appliance through the openings in the housing. There is a risk of a short circuit, which can lead to fire or electric shock.
- Do not attempt to repair the appliance yourself. Always contact an authorized customer service centre.
- If any of the following conditions occur, unplug the appliance and send it to an authorized service centre for repair
- The mains cable or plug is damaged or worn;
- Liquid has penetrated the appliance;
- The device has been exposed to rain or water;
- The device has been dropped or the housing has been damaged;
- The function of the device has obviously changed;
- The appliance cannot be operated as described in the operating instructions.
