DIGITUS® Universal TV ceiling mount with telescopic height adjustment

DA-90421

EAN 4016032475095

Monitor/TV Ceiling Mount 37-86", 50 kg max,560-910 mm, black

The fully flexible universal ceiling mount from DIGITUS® leaves nothing to be desired. It is suitable for flat and curved displays from 37 to 86" screen diagonal and a weight of 50 kg. It can be optimally adapted to different ceiling heights thanks to the telescopic height adjustment. The mount can also be adapted to sloping ceilings with an inclination of up to 60° and can be swiveled 360°. The variable tilt, which can be adjusted from 0 to -25° to the height of the ceiling and the desired viewing angle, ensures the best possible viewing angle. Installation is simplified by the VESA mount with quick-release, as the display and the mounted VESA mount are hooked into the corresponding holders. Cables are neatly routed within the telescopic construction. The integrated spirit level helps with fine adjustment. The ceiling mount can be used for VESA dimensions 200x200 to 600x400.

Variable ceiling mount for flat and curved displays up to 86" / 50 kg, height-adjustable

- Suitable for TVs/monitors from 37" to 86"
